

# Simply the best RAID storage solutions for content creation.

G-SPEED eS - high performance eSATA fail-safe RAID for content creation

## Why? Because we know video.

Since our inception we have focused on creating the most reliable, high-performance storage solutions for content creation professionals.

From the ubiquitous G-RAID2 to the powerful G-SPEED, all of our RAID systems are designed to support the demands of the post production environment. Our products have garnered many industry awards including the Pick Hit award at NAB and Editor's Choice award from Macworld Magazine. Check out our
