

Meet **G-DRIVE** mini *SSD*

Rugged Solid State Drives for Demanding Applications

Extremely durable and compact, the new G-DRIVE mini SSD comes in 128GB and 256GB capacities, and features a high-speed interface with FireWire 800 (FireWire 400 via included cable) and USB 2.0 to provide fast access to HD video, audio, and other dense multimedia files. Data rates top 60MB/sec write and 75MB/sec read speeds when using FireWire 800. Weighing in at just 8.5 oz, G-DRIVE mini SSD can be literally thrown into a gear bag for “grab n’ go” ease. No external AC power supply is required as it is USB or FireWire bus-powered.

- Portable and extremely durable external disk drive formatted for Mac
- Amazing Performance - up to 70MB/sec sustained across the entire capacity
- Utilizes a rugged and high-speed Solid State Drive (SSD)
- FireWire 800 (FireWire 400 via included cable) and USB 2.0 Ports
