# Meet **G-RAID mini**

## Dual Drive, Portable Storage Solutions with Selectable RAID 0 / RAID 1 Operation

The all-new G-RAID mini from G-Tech now features both RAID 0 and fail-safe RAID 1 operation, and a high-speed interface featuring eSATA, FireWire 800 (FireWire 400 via included cable), and USB 2.0. It is the ideal portable storage solution for safe-guarding content downloaded from professional tapeless video cameras. Production houses and creative studios will appreciate its compact size and tough, all-aluminum enclosure, which make it perfect for capturing and editing on the go or while working on location. G-RAID mini is capable of delivering an unprecedented 120+ MB/second transfer rate when used with eSATA in RAID 0.

- Software selectable RAID 0 (performance) or RAID 1 (protected) operation
- Features two high-performance SATA drives - Storage capacities up to 1TB
- FireWire bus powered, even when connected via eSATA - perfect for I/O HD!
- Integrated cooling fan for long life and reliable operation
- Same high-performance features as G-RAID supporting multi-stream DV, HDV, DVCPRO HD, XDCAM HD, ProRes 422 & uncompressed SD workflows
- Includes all cables
- Standard 3-year factory warranty

MAC PC

eSATA FW USB

Performance. Style. Reliability.
