# Meet G-SPEED eS PRO

## High-Performance, Fail-Safe RAID Solutions for HD/2K Production

The new G-SPEED eS PRO from G-Tech provides professional content creators better than Fibre-Channel performance for demanding post production applications at a fraction of the cost. The compact and whisper-quiet G-SPEED eS PRO features mini-SAS connectivity to a high performance PCIe x8 RAID controller that supports RAID levels 0,1,3,5 and RAID 6. A single G-SPEED eS PRO enclosure with four 7200 RPM drives in RAID 0 mode supports multi-stream ProRes 422 HQ playback and a single-stream of uncompressed 10-bit HD. Two units in protected mode (RAID 5) support two simultaneous streams of uncompressed 10-bit HD or a single 2K DPX sequence. G-SPEED eS PRO is simply the most cost-effective desktop RAID storage solution designed specifically for high-end post.

- High-speed RAID system with four hot-swappable drives and mini-SAS connectivity
- Bundled PCIe x8 IOP controller supports RAID 0, 1, 3, 5 and RAID 6
- Whisper-quiet, aluminum enclosure
- Single unit supports 10-bit uncompressed HD playback, two units support dual-stream uncompressed HD and 2K DPX
- Scalable to 16TB in storage capacity
- Browser-based configuration and management
- Standard 3-year factory warranty
